	Children to exit the school by the same door that they entered the school			
End of the Day	EYFS	Nursery	3pm	EYFS staff
	Y1/Y2	Front Door	3.10 pm	Y1/Y2 staff
	Y3/Y4	Den	3.15 pm	Y3/Y4 staff
	Y5/Y6	KS2	3.20pm	Y5/Y6 staff
General Information – hygiene/cleaning/equipment/toilets	<p>PPE will be available for all staff Thermometers will be used to check temperatures on entry to school</p> <p>Children need to practice good hand hygiene on entrance and exit to school building and classrooms. Washing facilities and hand gel will be available to use as recommended. The aim would be for children and adults to wash their hands at least every couple of hours. Hand sanitizer/washing should be used following physical or close contact between two people (although this should be avoided as much as possible). School will ensure that there are sufficient supplies of soap and hand sanitizer.</p> <p>Staff who provide intimate care for pupils must wear PPE. Staff administering first aid or medication should wear a mask, gloves and a visor.</p> <p>Children should be encouraged deal with their first aid, if at all possible.</p> <p>Children who develop any symptoms during the school day MUST be isolated in the office until parents can collect. Any supervising staff must wear PPE. That child must isolate for 7 days and get a test. Their fellow household members should</p>			All staff

	<p>self-isolate for 14 days. (All staff and students who are attending the setting will have access to a test if they display symptoms of coronavirus). Where the child, or staff member tests positive, the rest of their class/group should be sent home and advised to self-isolate for 14 days. The other household members of that wider class or group do not need to self-isolate unless the child, or staff member they live with in that group subsequently develops symptoms. Where the child or staff member tests negative, they can return to school and the fellow household members can end their self-isolation. <i>(Guidance taken from DFE Coronavirus (COVID-19): implementing protective measures in education and childcare settings)</i></p> <p>Children will need to be in school uniform It is advised that children and staff change and wash their clothing on a daily basis.</p> <p>Social distancing signs have been put up in school</p> <p>Additional cleaning will be done throughout the day</p> <p>Toilets EYFS will use Nursery toilets Y1/Y2 will use KS1 toilets Y3/Y4 will use 3 cubicles in the girls toilets Y5/6 will use 2 cubicles in the girls toilets and the den toilet (Names to be put on toilet doors) KS2 boys – names to be put on toilet doors</p>			

<p>General Information/Curriculum</p>	<p>Children must be facing forwards in the classroom, apart from EYFS No whole school assemblies – these will be done in class Singing must be done outside No contact sports – PE Regular handwashing Regular cleaning throughout the day</p> <p>An ambitious broad and balanced curriculum, time to cover missed content Social stories Address gaps and particularly gaps in language</p> <p>It would seem that most schools are doing a recovery curriculum until at least half-term , trying to plug the gaps in learning.</p> <p>Don't bombard them with loads of assessments, just as we are working with them assess where they are, as we normally would with teaching</p> <p>Go back to the content of the Summer term and pick out the Key Concepts which the children really need to learn</p> <p>We need to start on cycle A of the topic cycle - but if we are doing e.g. the Romans and we have missed the Egyptians, then we need to do a quick lesson or 2 just to fit them in to the timeline of historical events (hope this makes sense)</p>			<p>All staff</p>
--	---	--	--	-------------------------

	<p>We also need to bear in mind that at any time we might have to restart remote learning, if a bubble has to isolate or we go back on lockdown</p> <p>We need to do lots of English and Maths, well-being and outdoor learning, but the government are also saying a broad and balanced curriculum</p> <p>I have some maths documents for each year group, which the DFE have produced which should help</p> <p>EYFS - to run virtually as normal, just need to think about using resources which are easy to clean</p>			
After School Clubs	<p>They will then sanitise their hands before going to after school clubs, they will go to the hall/den in their class bubble</p> <p>Tables will be spaced out around the hall</p> <p>Children will sit at tables with their siblings or in year groups</p> <p>They will leave school by the Den door</p> <p>Equipment which is used must be cleaned</p>			<p>Mrs Howe Mrs Bennett Mrs Brunskill</p>
