Section 4 – School arrangements

The school curriculum

- We teach children about health and safety in order to equip them with the skills, knowledge and understanding to enable them to live positive, successful and healthy lives. Teachers take every opportunity to educate children in this regard in the normal school curriculum. For example, through the science curriculum we teach children about hazardous materials, and how to handle equipment safely.
- We teach children respect for their bodies, and how to look after themselves. We discuss these issues with the children in PSHCE sessions and we reinforce these points as part of our healthy school programme, where children learn about eating and hygiene. We also show them how to move and play safely in P.E lessons.
- Health and safety issues also arise when we teach care for the environment and awareness of the dangers of litter. Key stage 2 children receive sex and drugs education (see the Drugs Education Policy and Sex Education Policy).
- Our school promotes the spiritual growth and welfare of the children through the R.E. curriculum, through special events such as Harvest Festival and through daily act of collective worship.
- Each class has the opportunity to discuss problems or issues of concern with their teacher. Teachers use circle time to help children to discuss and overcome any fears and worries that they may have. Teachers handle these concerns with sensitivity.

School Meals

- Our school provides the opportunity for children to buy a meal at lunchtimes. Currently, free lunches are provided for reception, year 1 and year 2 children. If parents are in receipt of income support they may claim free school meals for their children. We do all we can to ensure that the meals provided have a suitable nutritional value and work with Taylor Shaw to achieve this.
- Care is taken to ensure pupils with food allergies are given meals which are safe and of nutritional value.
- If children choose to bring their own packed lunch, we provide them with a suitable place to eat their lunch, and we supervise them during this time.

Care, believe, achieve together!

- Our school promotes a healthy lifestyle and has achieved the healthy school standard.

Child protection

- The Head teacher, Deputy Head and Office Manager are the named people responsible for child protection in the school. See the child protection policy for details.
- We require all adults employed or having contact with pupils in school (e.g. staff, volunteers, contractors) to have been DBS checked before being allowed access to pupils. This includes adults accompanying educational visits.

Visitors in school

- The entrance to the main school is kept locked to prevent unauthorised access.
- Entrance to the nursery itself and the main school is through secure coded access. The gate leading into nursery is opened at identified times of the day to allow parents and children access to the building, once all the children are in the building the gates are locked.
- All visitors will sign the visitor book on entering the school and wear a visitor's badge at all times, they will also read the visitor information sheet.
- Staff should report any potential unauthorised visitors to the Head teacher as soon as possible. Staff should not put themselves at risk challenging intruders, but should ensure pupils are moved to a place of safety.

Seat belts

Our school only uses coaches and mini-buses which have seat belts provided. We instruct pupils to wear seat belts at all times when the vehicle is moving.

When staff cars are used to transport pupils the law regarding child restraints is always followed without exception.

Care, believe, achieve together!

Educational visits and off-site activities

Our school recognises the educational benefit of educational visits and off-site activities and the valuable contribution such activities can play in supporting the curriculum.

The school will follow the Local Authority guidance on educational visits and seek Local Authority approval for all visits where LA approval is required.

Governors delegate the Head teacher authority to approve all visits on behalf of the school with the exception of overseas visits and those involving adventurous activities requiring an AALA license. Approval for such visits will be made by the governing body.

Educational visits for the previous term will be included in the head teacher's termly report.
